Drill Cutting / Core Storage

GRS Inc. is now offering Storage Service for Company Drill Cutting Trays & Cores. We have expanded our warehouse area and are accepting company trays & cores. If you are looking for storage of your trays & cores in a safe, clean, dry, alarmed warehouse environment please give us a call. We would be glad to come down and do a count and provide you with a quote.

Also GRS Inc. is presently updating our website so Storage clients can view inventory and email requests to pull company Drill Cutting Trays & Cores for evaluation or transport to your location.
